

FREIGHT POLICY

- ✓ A carrier will be selected for each individual shipment based on service, capability, and cost. The carrier selected must serve the destination direct with no interline.
- ✓ If no direct service is available to the destination, then the carrier selected will be based on time-in-transit, reliability, and cost.
- ✓ If a customer specifies a preferred carrier, the shipment will be shipped per the customer's request. The responsibility for freight charges will be determined by the Customer Service Department, depending on the terms and conditions of the order and FOB point.
- ✓ All shipments are required to ship FOB Origin or Factory.

QUOTE & RATING PROCEDURE

- ✓ Our current preferred carrier is ABF Freight Systems. When requesting a freight quote, ABF will be the quoted carrier, unless otherwise specified.
- ✓ Freight quotes may be submitted in writing via email or fax request to the Customer Service Department at 800-624-5536.
- ✓ Typically, we calculate an additional 20% to the freight weight to account for any/all pallets & packaging.
- ✓ You may obtain a Freight Quote by contacting the carrier direct and advising the shipping specifics below:
 - Shipper: Kewaunee Scientific Corporation @ 28677
 - Consignee: (ship to address; complete with city, state, zip)
 - Weight (add 20% of total weight)
 - Class: 100 (always; for quoting purposes)
 - Prepaid terms, unless otherwise specified by customer (buyer)
